Broadham

Broadham will be a conventional OO gauge tailchaser using RTR locomotive stock.

The stock place it in Era 5. i.e late steam early diesel in BR Green.

The fiddle-yard which is positioned at the rear of the layout has 8 roads..

The outer road has dead end sidings at each end.

The main scenic boards are 900mm wide and are still to be completed.

Layout details for exhibition managers are given on the next page.
